

# EMPOWER. ENGAGE. CONNECT.

“LWC offers so many personal benefits, and from a business perspective, I’ve seen our team members develop from the program and become more productive. In my work with nonprofits, I’ve seen the pool of motivated and talented individuals who come from the program, and how they contribute to our community. LWC is a win-win and its value and impact continue to grow.

I encourage both businesses and individuals to support LWC.”

## WHITLEY COUNTY

A program of the Whitley County EDC

The Leadership Whitley County (LWC) program has helped develop more than 250 leaders in the community since 2001. When we grow, attract and retain servant leaders in our community, who care about and invest in something greater than themselves, new ideas are *born*, business *improves* and community satisfaction *increases*.

LWC is a seven month experiential learning program designed to **empower** individuals to serve & become better leaders, **engage** individuals in the workplace and community, and **connect** them with resources to continue growing as a leader at home, in the workplace and in the community.
